Johannesburg

Caring for Kids, Supporting Parents

Welcome to Bana Pele

Bana Pele Kids Club, meaning "**Kids First**" in Sotho, is a dual-approach initiative powered by the **African Women's Movement (AWM)**. It builds children's confidence in their African identity while providing **caregivers from disadvantaged communities** with opportunities to access the market and supplement their income. Caregivers are also exposed to best practices in **Early Childhood Development (ECD)**, which they can implement in their communities to improve care standards.

We offer **high-quality, engaging child care for children aged 3 to 15**, with a focus on ECD to **support cognitive and emotional growth**. Our services ensure that children are well cared for and entertained, allowing parents to manage the demands of parenting more effectively.
